

Game 2: Match and Catch the Riddle

- **Aim:** Reading silently, reading aloud, pronouncing segmental and suprasegmental features correctly, listening selectively, grammar (simple present tense), linguistic and nonlinguistic reasoning.
- **Notes:**
 1. Divide the class into two groups: The QUESTION group and the ANSWER group.
 2. Give the questions to the first group and the answers to the other group.
 3. Each student in the first group is supposed to read the question he has aloud and whoever has the answer in the other group reads the answer aloud.
 4. If the question and the answer match, put the students in pairs. If they don't, continue till the right answer is found. Each student can read his part only twice. When all questions and answers are matched ask the pairs to read the riddle they have just for fun.
